JOIN BRITISH IN CAMBRAI BATTLE

American Forces Taking Part in Campaign to Capture French City.

MAKE SOME PROGRESS

Between Argonne Forest and Meuse River Yankees Meet Stubbhorn Resistance—Over 18,000 Germans Captured.

London, Sept. 28.—American armies in conjunction with the British and French, are engaged in two great offensive operations in France. Official statements issued in Berlin and London revealed for the first time that Americans are taking part in the attack directed against Cambrai.

Despite stiffening resistance, the American drive between the Argonne forest and the Meuse river continues to make progress. More than 18,000 prisoners have been taken by the American and French troops operating west of the Argonne. Many guns of all calibers have been captured.

Bulgarian Stronghold Falls. In the meantime, the Allied offensive against Bulgaria is speedily going ahead. British troops entered the Bulgarian stronghold of Strumitza, the keypoint of the Bulgarian defense against invasion. Serbian troops have captured Ishtib and are rapidly advancing upon Ushub.

British troops passed the village of Amneux, and are now within three miles of Cambrai. Slightly farther south they have captured the village of Esquerdes. The British here have also attained a high ridge which runs toward Maroing, giving them the advantage of high ground for further advances. Germans captured by the British yesterday numbered between 5,000 and 6,000.

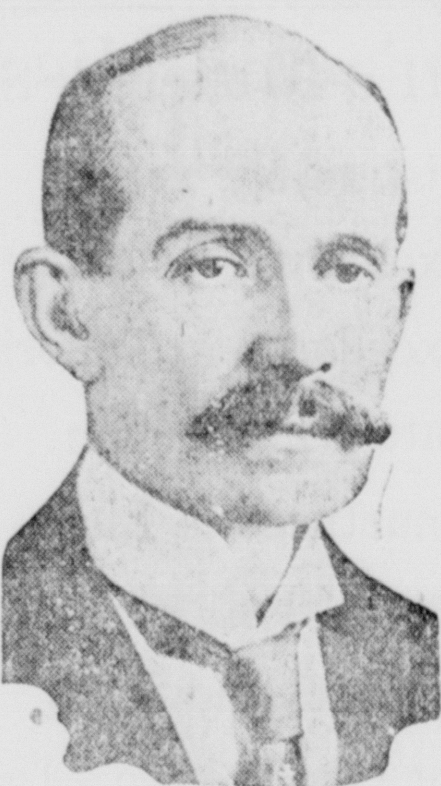

The Americans operating on the extreme right of the British have captured a series of trenches and fortified farms which form the principal outer defense of the main Hindenburg line in that section. What American units are operating there with the British has not been revealed.

The Americans apparently are operating under the command of General Sir Julian Byng.

German Reserves Thrown In. One after another German reserve divisions were thrown into action yesterday on the Champagne front in an effort to stop the French operating between the Sappe and the Argonne forest and the American First army corps on the front east of the Argonne.

LORD ROBERT CECIL

Says Allies Are Watching for Peace Tricks.

"The Bulgarian proposal will be answered either by the Allied commander at Saloniki or by a joint Allied reply," Lord Cecil, British assistant secretary of state for foreign affairs, declared in an interview. He said the Bulgarian proposal possibly might be a trick, but that the Allies will take care not to be caught.

to the Meuse river north of Verdun. "We broke the enemy resistance on the whole battlefield," says the French statement issued. General Gouraud's advance is described as methodical. After capturing L'Esclache and Cernay the French are reaching the line of hills overlooking the Aisne valley. The depth of the French progress in the two days' fighting is now about five miles.

Yanks Battle Hand to Hand. Progress of the Americans on this front was not so fast as on the first day, but it was steady. The Americans hammering forward irresistibly. Through the Argonne forest the Americans were advancing only after the stiffest fighting hand to hand, the lines being so close here that the artillery could not aid.

Intense Artillerying Reported in Italy

Rome, Sept. 28.—Intense artillery fighting in various sectors of the Piave front is reported in an Italian official statement.

CENTRAL POWERS BEGIN TO SHOW CRACKS IN ALLIANCE --BULGARIA SEPARATE PEACE

WILL WEAKEN TURKEY

Quitting War by Bulgarians May Force Sultan Out.

Back Door of Austria Will Stand Wide Open Before Victorious Allies.

London, Sept. 28.—If Bulgaria lays down her arms, Turkey, her armies shattered by the coup of General Allenby in Palestine, will be severed except across the Black sea through Roumania or over the mountain peaks of Trans-Caucasia into Russia, where the grip of the German controlled Bolshevik is becoming steadily weaker.

With her supplies of German-made munitions and raw materials hanging by such a slender thread, military observers believe the Ottoman empire will have not course left but to follow the example of her Balkan neighbor.

Turk No Longer Menace. But it makes little difference to the Allies whether the Turk abandons Germany and Austria. If Bulgaria quits the Turk can no longer be a menace to their plans.

The back door of Austria will stand ajar before the victorious British, French, Serbian, Greek and Italian armies plunging ahead through the mountains of liberated Serbia. Only 230 miles ahead of their advance guards is Belgrade, across the Danube from the plains of Hungary. They already have pressed forward a quarter of this distance since the great Macedonia offensive began on September 14.

Once over the river they would be passing through territory occupied by the oppressed nationalities of Austria who have little love for the dual empire and there would be no great natural obstacles between them and Buda Pest. Early winter in the Balkans with the limited means of communication available would present the most serious difficulty and one which could not be overcome before spring.

Franco-American Attack Resumed

(By United Press)

Paris, Sept. 28.—The Franco-American attack in the Champagne was resumed at five-thirty this morning the French official statement says. The French are also attacking between the Ailette and the Aisne and are making progress northwest of Sancy. In this region the French took Jony and Aizy in Champagne. The French occupied Sommepey and passed northeast of Sancy.

Americans Responsible for Bulgarian Plight

BY CARL D. GROAT, (United Press Staff Correspondent.)

Washington Sept. 28.—The American concentration on the western front is directly responsible for the Bulgarian defection. This interpretation was drawn today from Chief of Staff March's press conference, in which he pointed out that Germany now is no longer able to aid its hard pressed ally such as Bulgaria. The downfall of Turkey and the re-entrance of Roumania is foreseen by Gen. March as imminent as one of the possibilities if separate peace is made with Bulgaria. Also the Danube front would be re-established.

Fifty Men Trapped in Illinois Mine

Benton, Ill., Sept. 28.—Between twenty-five and fifty men are believed trapped in a mine at Royalton. The men descended to fight a fire. An explosion occurred in the mouth of the mine. Rescuers are unable to enter the shaft.

Many New Influenza Cases Found in Army Camps.

General Crowder Says Epidemic Will Not Seriously Delay Military Plans.

Washington, Sept. 28.—Spanish influenza continued to spread in army camps, 6,824 new cases having been reported to the office of the surgeon general of the army. This brought the total for all camps to 42,367.

Pneumonia cases showed a slight decrease, 717 new cases being reported. Deaths were 170, mostly from pneumonia.

For the second successive day there was a decrease in the number of new cases reported at Camp Devens, the total for the day being 240. The number of new pneumonia cases also decreased, but 81 deaths were reported.

No new camps were added to the list of those where influenza has appeared. Camp Dix, New Jersey, reported the largest number of new cases, with 1,049. Pneumonia cases reported were 90 and deaths 36.

Influenza is increasing at Camp Meade, Maryland, and Pike, Arkansas. Provost Marshal General Crowder, discussing the postponement of October draft calls on account of the Spanish influenza epidemic, said no serious delay to the military program would result.

"It may result in shortening the training period for some men before they embark," he said, "but unless the epidemic continues to be serious, calls for later dates in the month of October will be continued. The delay does not seriously embarrass our work of mobilizing men."

Second—Permit allied control of Bulgarian railways. Third—Permit of the passage of entente troops to Turkish frontiers. Fourth—Agree to rest all territorial questions until general peace after the war.

London, Sept. 28.—The allies terms have already been sent to Sophia it is learned here this afternoon. They include the evacuation of all territory outside of Bulgaria, as a preliminary to any agreement, a complete rupture with Germany, Austria and Turkey and the demobilization of the Bulgarian army.

British Advance on Cambrai

(By United Press)

London, Sept. 28.—The British advance on Cambrai continues today and satisfactory progress is reported by Haig on the whole battle front. The battle continued throughout yesterday and last night.

The second British army commenced operations in Flanders this morning in conjunction with the Belgian artillery, the statement said. This may indicate the long expected offensive in Flanders.

The British in the Cambrai attack have already taken more than ten thousand prisoners and two hundred guns.

Americans Smash Second Defensive

(By United Press)

London, Sept. 28.—The Americans have broken through the subsidiary defenses behind the Hindenburg line on a ten mile front between Dannevoix and Eclisfontaine northwest of Verdun according to battle front dispatches. Between Natalliss and Montplainville the Americans are within a mile of the heads of the enemy's three standard gauge railways. They have captured scores of miles of light railways.

Cambrai Open to Capture Any Time

BY LOWELL MELLETT (United Press Staff Correspondent)

With the British in France, Sept. 28.—Cambrai has been laid open to capture by the British, where and when the British see fit. It is unlikely however, that Cambrai will be taken by a precipitate rush, inasmuch as it is known the Germans have mined two great tunnels within the city.

Counter Move in Bulgaria Reported on Foot—Berlin to Send Protest—Claims Premier's Armistice Offer Not Supported.

Paris, Sept. 28.—The Bulgarians have asked for a meeting to arrange conditions of an armistice and eventual peace, the French commander-in-chief in Macedonia officially reports. The French commander replied, refusing to suspend the operations, but saying he would receive duly qualified delegates of the Bulgarian government.

Ask for Suspension of Arms. General Franchet D'Esperey, commanding the Allied armies in Macedonia, has telegraphed to the French government that a high Bulgarian officer has asked in behalf of General Torodov, commanding the Bulgarian army, the suspension of arms for 48 hours to permit the arrival of two authorized delegates from the Bulgarian government. Minister of Finance Ljapcheff and General Loukoff, commanding the Bulgarian second army, are on their way to the French headquarters with the assent of King Ferdinand to arrange the conditions of the armistice and eventually the terms of peace.

Berlin to Protest. London, Sept. 28.—Germany intends to send a solemn protest to Bulgaria against Premier Malinoff's request for an armistice, according to Berlin reports received in Amsterdam and forwarded by the Exchange Telegraph company.

Berlin Claims Offer Unauthorized. London, Sept. 28.—Premier Malinoff of Bulgaria has made an offer of an armistice to the Allies, according to a Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen. The message states that the premier's offer was made without the support of other members of the cabinet or of King Ferdinand.

The Berlin message says that Malinoff's offer has created great dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian front.

The Hun thought he had invented a rifle that would stop tanks when he produced this one, which British soldiers are examining. Whether or not he succeeded is proved every day in the reports which tell about the success of tanks in driving the Huns back on the western front.

How Shall I Invest Safely?

It must be learned from experience—preferably some one else's experience.
These are the cardinal points of safe investment:
FIRST: Security of principal. It is utterly futile to invest money without having this point passed upon competently.
SECOND: Availability of funds in case of need. Too many find, too late, that they are in possession of "securities" which have no market and which no bank will accept as collateral.
THIRD: Certainty of interest return. Thousands of investors are misled by vain promises.
FOURTH: Interest rate—a point often placed first, but really belongs last. As interest rates rise, security, prompt interest return and availability usually recede—often to the vanishing point.
A savings account with this bank offers you security for your principal; interest will be credited to your account the day it is due whether you ask for it or not; your principal can be promptly realized in case of emergency; the interest rate is as high as can be consistently offered with the above guarantees.

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes this appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won, and the selfish masters of Germany are permitted to dictate what America may and may not do. Now America, besides, have from the first united now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

NINTH MUST BE FIRST

In the Ninth District, the quota of Fourth Liberty Bonds will be sold before the opening of the campaign, September 28th. Under the district's plan of organization, the work is all done before the starting gun is fired. Right now some 40,000 men are preparing. In every village and farming community of the district, allotments have been made and committees of patriotic men are working out details which will insure every individual's carrying his full share of the Liberty Loan burden.

There can be no doubt about the results. Reports from every part of the district show that everything will be ready and it looks as though at least 90% of the counties and probably more will oversubscribe their allotment of Fourth Liberty Loan bonds before night of September 28th.

The big results depends on individuals. Each man and woman and child is a unit. The \$210,000,000 Loan in this district will be only the sum of individual efforts. Each individual who fails, subtracts his share. Each individual's business is to see that there are the fewest possible subtractions.

In the Ninth District organizing the county is the bigger unit. The district is looking to each county to do its fair share. Each county organization is working out its own problems to a very large extent and every loyal citizen will work to see that his county does not fail.

COUNTY FAIR ON BRAINERD DAY

Many People from Brainerd and Vicinity Visit Pequot on Friday, September 27

JULIUS A. SCHMAHL, SPEAKER
 Food Administration had Fine Exhibit, Red Cross Day Too, Brainerd Wins Game

Brainerd and Red Cross Day attracted the largest crowds of the Crow Wing County Fair to Pequot on Friday, Sept. 27. There was something doing every minute of the day.

Fine Band Concert
 The Brainerd City band played a splendid concert and their music was commented on by many. An orchestra also furnished music. In the evening, Rehl's orchestra played for the dance in Pequot and many stayed to attend this.

Julius Schmahl Orator
 One of the best loyalty speeches ever heard in Crow Wing county was delivered by Julius Schmahl, secretary of state. He spoke straight out in meeting. A spade was called a spade and when he got through, if there were any pro-Germans around, they must have shivered up from the scorching received.

Mr. Schmahl traced American history and the lessons to be learned. He praised the work of the troops in Europe and prophesied victory, a complete victory for the Allies.

He urged that Russia be cleared of the huns, that Kaiser bill be made to disgorge. He pleaded with the Germans to organize regiments and assist their country as did the Czech-Slovaks the movement for freedom in Austria.

"Help push that German king off the throne in Finland," he said.
 He was vigorously applauded and crowds shook his hands at the close of his address.

Exhibits Numerous
 Exhibits of corn, apples, grains, fruits, were numerous. Brainerd housewives were well represented in the war foods exhibitions. The Food Administration and Red Cross exhibits were fine. Brainerd business men, the Brainerd Commercial College, etc. were represented.

Brainerd Wins Ball Game
 Brainerd defeated their old time rivals, Ironton, 3 to 1 at the ball game at the Crow Wing county fair at Pequot. Lannan pitched for Brainerd and was steady throughout the game. Gaskill was his able battery mate.

Brainerd bunched hits off Jennings scoring four runs in the third inning. They made three in the fifth and one in the seventh. Ironton trotted out a lone score in the fifth inning. Benda of Brainerd made a home run.

Kid Lewis succeeded Jennings in the fifth and the first ball he threw was rapped on the nose by Cook, bringing in Benda, Gaskill and Bush.

A Woman's Hearty Recommendation
 Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Weston, Belvidere, Ill., writes: "I could not stoop and when down I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, stronger and better in every way. I heartily recommend Foley Kidney Pills." H. P. Dunn, druggist.—Adv mwf

WILSON OPENS LOAN CAMPAIGN

President Pointedly Answers Peace Overtures From the Central Powers.

MUST BE GUARANTEED

Terms Will Be Impartial Justice to All Nations and Germany Will Have Chance to Redeem Her Character.

New York, Sept. 28.—Impartial justice to all nations will be the price of peace, the instrumentality indispensable to secure it is a league of nations formed not before or after, but at the peace conference; and Germany as a member will have to redeem her character, not by what happens at the peace table, but by what follows.

This was President Wilson's answer given before an audience of Fourth Liberty Loan workers here, to the recent peace talk from the Central powers, although he did not refer specifically to the utterances of enemy leaders.

Peace was not a question, declared the President, of "coming to terms" for "we cannot come to terms with them" as "they have made it impossible."

Peace must be guaranteed for "there will be parties to the peace whose promises have proved untrustworthy and means must be found in connection with the peace settlement to remove that source of insecurity."

Unquestioned Peace Folly.

"It would be folly to leave the guarantee to the subsequent voluntary action of the governments we have seen destroy Russia and deceive Roumania," he continued.

The President emphasized that the justice to be obtained by the league must involve no discrimination toward any people. This he set forth explicitly in a set of five principles which he enumerated as "the practical program" of America's peace terms and for the maintenance of which the United States is prepared to assume its full share of responsibility.

These principles were, he said:

"First, the impartial justice meted out must involve no discrimination between those to whom we wish to be just and those to whom we do not wish to be just. It must be justice that plays no favorites and knows no standard but the equal rights of the several peoples concerned;

"Second, no special or separate interest of any single nation or any group of nations can be made the basis of any part of the settlement which is not consistent with the common interest of all;

"Third, there can be no league or alliance or special covenants and understandings within the general and common family of the league of nations;

"Fourth, and more specifically there can be no special, selfish economic combination within the league and no employment of any form of economic boycott or exclusion except as the power of economic penalty by exclusion from the markets of the world may be vested in the league of nations itself as a means of discipline and control;

"Fifth, all international agreements and treaties of every kind must be made known in their entirety to the rest of the world.

Guarding Our Lines

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says, "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength) for 60c at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, swelling "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package.

Send a sample of your water to Dr. Pierce and it will be tested free of charge, or write for free medical advice. Anuric is a regular insurance and lifesaver for all big meat eaters and those who deposit lime salts in their joints.

ST. PAUL, MINN.—"I thank Doctor Pierce very much for what Anuric has done for me. It surely is wonderful. I have doctor for years, but no doctor or medicine did the good that Anuric did for me. I was so sick at times that I could not do any of my housework nor could I attend to my sick calls. I took two boxes of Anuric and now I feel just fine. I could not get along one day without Anuric in the house."—Mrs. ANNA REEM, 130 South Robert Street.

Issues of War Restated.

Mr. Wilson restated the issues of the war as follows:

"Shall the military power of any nation or group of nations be suffered to determine the fortunes of peoples over whom they have no right to rule except the right of force?"

"Shall strong nations be free to wrong weak nations and make them subject to their purpose and interest?"

"Shall peoples be ruled and dominated, even in their own internal affairs, by arbitrary and irresponsible force or by their own will and choice?"

"Shall there be a common standard of right and privilege for all peoples and nations or shall the strong do as they will and the weak suffer without redress?"

"Shall the assertion of right be haphazard and by casual alliance or shall there be a common concert to oblige the observance of common rights?"

He added: "No man, no group of men, chose these to be the issues of the struggle. They are the issues of it."

Canadian Wheat for Allies.
 Winnipeg, Sept. 28.—Western Canada will export 80,000,000 bushels of wheat to Allied countries from this year's crop, according to Secretary Robert Magill, Winnipeg grain exchanges.

Two Executions Delayed.

Winnipeg, Sept. 28.—Execution of Frank Sullivan and Philip Johnson for the alleged murder last April of Constable Snowden was set over until next Wednesday because Hangman Ellis of Quebec was unable to come here. The men were to have been hanged Friday morning. John Edward Stokke, also sentenced to be hanged, was granted a reprieve and sentenced to prison for life. Hangman Ellis wired from Quebec he would be unable to leave for Winnipeg until Monday because of "pressure of business."

Taken from testimony given by Prof. Frank L. C. In Minnesota the quota for War Savings Stamps is \$47,000,000. Let's buy more than our share.

We have a chance now, such as we never had before, to show whether we know a good thing when we see it.

Do You Pay Your Bills?

Begin Now

DON'T Put off until tomorrow. There is only one way to get out of DEBT—and that's to BEGIN NOW.

If you are "in bad"—lay your plans—grit your teeth and get down to PAYING YOUR HONEST OBLIGATIONS.

This is BILL-PAYING TIME.
 The merchant who trusted you with his goods last month EXPECTS A SETTLEMENT NOW.

When you bought—it was understood that you would SETTLE when your bill was presented.

YOU GOT THE BILL ON THE FIRST—NOW SETTLE.

Don't put it off. DEBTS GROW LIKE BAD HABITS.

OLD DEBTS besmirch honor. To be able to carry your purchase out of a store without paying cash is a compliment to you. The merchant thought you were honest—and he'll tell other folks you are honest until you prove yourself otherwise.

DEADBEATS at one time were treated as honest men. They had the benefit of the doubt—but they failed to live up to what was expected of them.

Regardless of character and without a sense of honor they decided to take the path of the crook and the thief—to obtain goods without paying for them. They succeeded for a while—but now their ROAD IS A HARD ONE.

They are no longer trusted. Their word stands for naught. Their "promise to pay" is an empty one.

CO-OPERATION among the merchants in reporting cases of this kind has HEDGED THE DEBT DODGER.

This co-operation has also helped the HONEST PERSON.

When you do NOT PAY your bills you are reported and credited in the future accordingly. When you DO PAY YOUR BILLS you are also reported and credited accordingly.

HONEST FOLKS WELCOME RATINGS. Dishonest ones dodge ratings.

You are judged by your rating, which is a record of your past performances in "making good" on your promises to pay.

As failure to PAY YOUR BILLS takes away from your credit so prompt paying of them adds to your credit.

Your credit—good today—can become bad tomorrow.

Your credit—bad today—by prompt paying and a disposition to do the right thing will make it good tomorrow.

THERE IS HOPE.

HUNDREDS FLOCK TO BUY LIBERTY BONDS

Machinery of Clerks and Supervisors Work Smoothly to take Care of Bond Subscribers

ALLOTMENT PLAN CARRIED OUT

First Assessment District, Baxter and Daggett Brook Also have Bond Sale at City Hall

Sept. 28 will always be a memorable day in Brainerd. It marks the day when Liberty Loan subscription work materialized into the subscriber marching to the city hall, there making his subscription and in many cases paying for his bonds in full.

It proved that the large majority of our citizens have come to realize that subscription day means subscribing for bonds and that the work of solicitors means added work for citizens whose time is just as valuable as the subscribers.

At the city hall council chambers clerks had the allotments apportioned out and each had a series of names in charge. Club women and others of the city, high school teachers, in clerical work. W. L. Taylor was Washington grade teachers assisted director in chief. Appeals and grievances were recorded by Wm. Nelson.

Besides Brainerd, three country districts were represented at the city hall, having headquarters in the county agricultural agents' offices. There were:

First Assessment district, in charge of C. H. Krech.

Baxter, in charge of Charles Barrett.

Daggett Brook in charge of Harvey Britton and John W. Fallon.

Mr. Krech reported a large quota subscribing and many taking more than their allotment.

REV. G. P. SHERIDAN TO GO TO FARIBAULT

Accepts Call to New Pastorate, Concludes Eight Years' Pastorate in Brainerd

IS A MAN OF GREAT ABILITY

Prominent in Fraternal and Civic Circles, Headed Chamber of Commerce on Re-Organization

At the annual meeting of the First Congregational church Friday evening, the resignation of Rev. George Phil Sheridan as pastor was presented and accepted, although with deep regret on the part of those with whom he has been associated in church work for nearly eight years, the period covering his pastorate in this city.

REV. G. P. SHERIDAN

Reverend Sheridan has accepted the call to the Congregational church of Faribault, and will assume the duties of his new charge on or about November first. The vacancy as pastor of the Congregational church of this city has not been filled.

In the retirement of Rev. Sheridan from Brainerd, not only his church and people experience a great loss but in fraternal and civic circles, the influence of a man of brilliant ability, personal charm and sterling manhood will be missed. He is prominent in Masonic circles, being W. M. of Aurora Lodge No. 100, A. F. and A. M. and Commander of Ascalon Commandery No. 16 to which

positions he was raised by his brothers in Masonry because of his earnest work in the order and his unquestioned ability as a leader of men. He was made president of the Chamber of Commerce in 1914 after its re-organization and made one of the most efficient, energetic and earnest officials the community organization has ever had at its head.

He accepted the chairmanship of the House and Social committee of the Chamber upon his retirement as president and his work at the head of this committee was marked by the same careful attention to detail and personal effort that has characterized everything he undertook for the betterment of the city as a whole, or the immediate circle in which his personal efforts were required.

It has long been realized here that it was but a question of time when Rev. Sheridan would seriously consider a larger field of endeavor and while the fact is deeply regretted that he is leaving Brainerd and taking with him in the person of his wife one of the most charming of the younger matrons of the city, his bride of a year ago, it is felt by those who have his interests at heart that it would be selfish in the extreme to oppose a change which offers greater possibilities for him and a future career of marked success in the pulpit and in the civic life of the community so fortunate as to secure him.

Rev. Sheridan is recognized as a pulpit orator of remarkable power and brilliant attainments. He hits straight from the shoulder, his words carry conviction with them and he never dodges an issue. Charitable to all and ever ready to assist his fellows, he is at the same time aggressive, fearless and a man of recognized influence in the community. The city of Faribault gains in the loss of Brainerd a minister of the gospel they may well feel a pride in and a good citizen in the broad, comprehensive meaning of the words.

INDIAN AGENTS CAPTURE 2 CARS

Sixteen Sacks of Booze Taken, by Officers Boyd, Reed and Crowell Saturday Morning

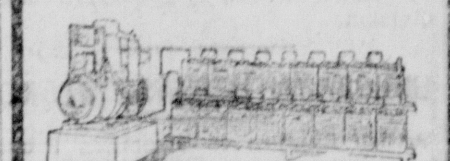

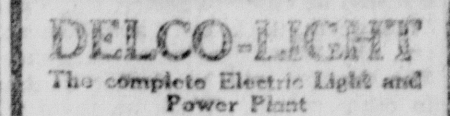

ROPES STRETCHED ON THE ROAD

First Ford Driver Disregarded Order to Halt and Smashed Against Ropes, Taking Count

Special officers of the Indian department, Officers E. G. Boyd, J. J. Crowell and Reed, at 1 o'clock Saturday morning captured two Fords of Ironton and a Crosby man as they were trying to run the dry blockade of the Indian country.

Officers stretched two heavy ropes across the old road between Woodruff and Ironton and then commanded the first driver to halt. He disregarded the orders and then advanced with a full head of steam to escape. He ran full tilt into the ropes and they held. He broke the wind shield and the little Ford reared up on its hind wheels and nearly upset. The second man followed closely and he was also caught. One Ford escaped.

All were taken before Court Commissioner W. A. Fleming Saturday afternoon for preliminary hearing. Both Fords confiscated are good cars, one being of 1918 vintage.

War Claims Cleared Up.
Washington, Sept. 28.—Persons hav-
ing claims against the government
growing out of seizure of property for
war or other purposes can obtain
prompt action if their applications are
filed in the court of claims in Wash-
ington, it was said by Assistant Attorney
General Huston Thompson, in charge
of defense of those suits. The
docket has been cleared of all cases
in which a plaintiff must await action
by the government, he said. Cases
growing out of the Civil war have been
finished within the last few years.

Catarrhal Deafness Cannot be Cured,
by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure cat-
arrhal deafness, and that is by a
constitutional remedy. Catarrhal
deafness is caused by an inflamed
condition of the mucous lining of the
Eustachian Tube. When this tube
is inflamed you have a rumbling
sound of imperfect hearing and when
it is entirely closed, deafness is the
result. Unless the inflammation can
be reduced and this tube restored to
its normal condition, hearing will be
destroyed forever. Many cases of
deafness are caused by catarrh which
is an inflamed condition of the mu-
cous surfaces. Hall's Catarrh Medi-
cine acts thru the blood on the mu-
cous surfaces of the system.

We will give One Hundred Dollars
for any case of Catarrhal Deafness
that cannot be cured by Hall's Cat-
arrh Medicine. Circulars free. All

HIGHWAY CONSTRUCTION

Street Work, Etc., Limited by Orders
of Government, Applications
for Permits

The need of conservation of man
power, money and material has caused
the government to issue new regu-
lations regarding highway and street
construction and improvement work.

The present situation is that any
work which is under way and may
be completed by November 1, is not
affected by any government orders
and may be continued without mak-
ing any application for approval to
the U. S. Highways Council, said C. L.
Mott, agent of the U. S. Highways
Council.

Applications for permits should be
promptly made to the United States
Highway Council through the State
Highway Department for the com-
pletion of all such work now under
contract and under construction
which cannot be completed by No-
vember 1.

No new contracts for the main-
tenance, construction or reconstruc-
tion of streets, pavements and high-
ways should be entered into or no
new construction not now in pro-
gress undertaken either prior or sub-
sequent to November 1, without first
obtaining a permit from the United
States Highways Council through the
State Highway Department.

PLENTY OF PROOF

From People You Know—From
Brainerd Citizens

The greatest skeptic can hardly
fail to be convinced by evidence like
this. It is impossible to produce
better proof of merit than the testi-
mony of residents of Brainerd, of
people who can be seen at any time.
Read the following case of it:

Peter Paulson, 402 Oak St., W.
Brainerd, says: "About a year ago
I was lifting some heavy bags and
slipped and wrenched my back. For
several days I was all in and could
hardly attend to my work. It seem-
ed to cause my kidneys to act irregu-
larly, too. I had no energy to do
anything, felt tired all the time and
suffered from backache. I tried
Doan's Kidney Pills and they soon
relieved me. I have been free from
backache and other kidney trouble
ever since."
